

IPv6-Driven Digital Infrastructure Summit

Bring Net5.5G into Reality, Inspire New Growth

August 20, 2024 | Abuja, Nigeria

Dear Sir/Madam,

On behalf of Nigeria National Information Technology Development Agency and Global IPv6 Forum, we would like to take this opportunity to cordially invite you to join **Nigeria IPv6-Driven Digital Infrastructure Summit at NCC Mbora Hall, Abuja on Aug 20, 2024.**

The IP network is the essential base of all service digitalisation. In order to unleash Nigeria's digital infrastructure potential, accelerate IP network evolution and monetisation, and boost new business growth for operators and enterprises in Nigeria, **Nigeria IPv6-Driven Digital Infrastructure Summit**, with the theme of 'Bring Net5.5G into Reality, Inspire New Growth', will bring together government regulators, leading operators and enterprise, industry organisations and university research institutes for in-depth discussion on global IP industry trends, successful IP based business practices and the cutting-edge IP technical innovations.

Thank you for your great support, we look forward to seeing you in Abuja to join this summit together and exchange insights on IP industry development strategy for new growth in Nigeria.

Your sincerely,

Kashifu Inuwa Abdullahi

Director-General/CEO
